This plan is a load of bullshit. I take the 107 to school and back every day and you say the bus is under performing but when I am on it the bus is so full that people have to stand and the driver has to miss stops causing those people to have to wait 30 minutes for the next one. My DISABLED neighbour takes the bus to and from work EVERY day as she is not legal to drive because of her disability so you are jeopardising DISABLED people from getting to work and NO she doesn't have any other mode of transport. 5 out of the 21 people in my little cul de sak use the 107 daily and you are saying it still under performs. If you take out this route we CAN'T get to school or work and we have no other transport unlike you rich people with sugar daddy's and expensive taxi's working as the heads of the companies making this decision to cut 6 bus lines. DON'T RUIN OUR DAILY COMMUTE. It can't even be that expensive to run our bus route because it goes every 30 minutes and every hour on Sundays and I know gas isn't that expensive for buses because some family members currently work for metro. Put YOURSELF in the situation if your only way of getting to work was cut and you couldn't get to the place you need to get to. Don't be so selfish.
