Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

Hi,

I believe you must not reduce the Total Mobility subsidy. Disabled folks rely on this as many of them cannot drive like my daughter who has Cerebral Palsy. Disabled folks are often on low incomes as well so any removal of Total Mobility subsidy will eat into their already strained finances. Mahatma Gandhi Quote: "The true measure of any **society can** be found in how it **treats its most vulnerable members**."

Come on people have a heart for goodness sakes
