Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

We do not wish to lose the 145 bus route. It is vital to our children's independence and mobility both for school and leisure. Cycling is too dangerous for them. They do not attend Cashmere. We would be happy for this route to go to the interchange. It needs to connect with orbiter and PMH. Happy for a combined route with Cashmere hill. Perhaps use a minibus for off peak times ? Every half an hour is vital and also need to make bus go up to new development at top of hill.
