Air Quality Comments

Please provide any comments.

I very much hope ECan will oppose the proposed Fulton Hogan quarry at Templeton. Air quality next to such a densely populated settlement as Templeton (and beyond) is a paramount concern, and the quarry will certainly be in breach. For a multitude of other reasons the quarry in that location is a social and environmental disaster to Canterbury. As a rate payer, I hope I can count on ECan to support me and oppose this quarry too. Thanks for your time.
