Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

While I appreciate that the 107 & 108 may not be busy routes, I would not have any other way of getting to the Main North Road to catch the blue bus through to town unless I drove.

I would have to drive and try and park somewhere, but that is proving difficult as many of the side streets have now had 120 minute parking signs put up.

I made the decision to bus, as the cost of parking is so expensive and it was much handier to get to my place of employment.

I would rather pay more to bus, as long as it did not become as costly as parking.

The proposed changes would alienate a lot of people overall who were unable to get about any other way and it certainly would not encourage more people back into the city.

Regards

Karen Ravenwood
