I cannot support further reducing the bus network. The major changes that came in a few years ago are the cause of the current problems because the elderly and other people who have no other means of getting around other than buses have been taken for granted and many have already lost their bus routes. Personally, Losing the 107 would mean I would not have any way of taking my family to Willowbank. I gave an animal mad daughter and Willowbank is the only option in Christchurch we have to visit because Orana Park is too far out of Christchurch for it to be serviced by a bus, and with this proposal, Willowbank won't be an option either.
