### Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

**Please review the options in the Consultation Document and indicate which option you support:**

Option 1 – A combination of routes, fares and (targeted) rates changes: small fare and rates increases, reduced Total Mobility subsidy and six routes discontinued.

### Public Transport Comments

**Please provide any comments.**

I take the Orange line to work every day and I'm happy with the service.

It's good to see that this route has got a lot busier in the last couple of years, to the extent that it's overcrowded in the peak morning and afternoon traffic. I think it's time to increase frequency in rush hour from 15 minutes to 10 minutes to retain passenger satisfaction.

Thanks
