In the comments section under each portfolio, please tell us what you support/don't support about the planned activity, and if there is anything you would like to see more or less of.

### Options

Please review the options in the Consultation Document and indicate which option you support: (please select one answer)

**Option 1** – A combination of routes, fares and (targeted) rates changes: small fare and rates increases, reduced Total Mobility subsidy and six routes discontinued.

**Option 2** – As Option 1 but larger rates increase, no fare increase: larger (targeted) rates increase, no fare increase, reduced Total Mobility subsidy and six routes discontinued.

**Option 3** – As Option 1 but larger fare increase, smaller (targeted) rates increase: minimal rates increase, larger fare increase, reduced Total Mobility subsidy and six routes discontinued.

**Option 4** – none of the above. (Please provide comment/ideas for an alternative solution)

### Comments:

- Keep 535 route - enables residents of Lyttelton to go to church, get bank services, Post Office services - not available in Lyttelton.
- Extend route (small bus further up hill in Lyttelton to make more accessible).
- Extend bus route to Governors Bay to enable residents there to get Lyttelton & beyond & avoid journey over Dyers Pass.
- Extend route to include highly popular Tannery - with its cinemas etc.
- Use of buses should be being encouraged not cut back given the issues we face so encouraging use of public transport. Also very important for health & well being for people to be able to get out.
