| Please select one of the following: | I disagree with the proposed rates increase of 4.5% for 2018/19. |

Rates Comments

Please provide any comments.

Continued rates increase above inflation are unsustainable for a large majority of the rate payers. Rate payers on average have not received salary or other income increases equivalent to the proposed rates increases. If the current services provided by ECAN cannot be sustained with the existing budget (corrected for inflation), service levels must be adjusted to remain within budget.
