Subject: LTP SUBMISSION

Hello I am Mina Marinkovic, I am a student at Papanui High School who lives at 18 Brookwater Avenue, in Northwood. If you discontinued the 107 and 108 I would have a difficult time travelling to school. I use the bus to and from school about 10 times a week and a few more times when I go out in the weekends. I propose that you rather: cut the times of both buses so that it focuses on typical times students and workers or: keep just one of the busses or: make a new bus route that covers the most common stops of the 107 or 108. I would be interested in a hearing, thank you.
