Subject: LTP SUBMISSION

Hi, my name is Nikita Sheejo and i am also a student at Papanui High school, i live at 5 Rindle lane in the northwood area. I use The 107 and 108 daily as these are my only source of transportation to school and back, this is because of my living situations, if these bus lines were discontinued it would be incredibly difficult for me to get to school on time. I reccomend either keeping one of these busses or creating a whole new bus route which covers the common stops of both the 107 and 108, thank you.
