Please provide any comments.

Cancelling route 107 should not be an option. Many elderly, and students catch this route. How do you expect students to get to schools close to this route? Is this really helping the roads (more cars will be on them) more pollution into the air with increased cars, and risk of accidents to students walking. Totally unacceptable that you are thinking of cancelling. Obviously no children yourselves to consider.

we want to reduce vehicle on the road yet you are proposing to increase, this will affect many families, plus not teach children to be independant, instead co dependable on their families.
