Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 1 – A combination of routes, fares and (targeted) rates changes: small fare and rates increases, reduced Total Mobility subsidy and six routes discontinued.

Public Transport Comments

Please provide any comments.

I agree with option one to stop the unprofitable six routes.

For the remaining routes I suggest more use of small buses.

I don't think the disability subsidy should be cut.

Also a small increase in fares would be acceptable.

There should never be an increase in rates greater than the CPI
