Public Transport Comments

Please provide any comments.

I would prefer a much greater investment into public transport, and am happy for that to be funded via increased rates.

In particular, I would like Ecan to support a bus route servicing West Melton. I have been extremely disappointed in how inflexible Ecan has been in not actively looking to financially support a bus service for West Melton. That a company was able to keep it going for years purely fully self-funding, and then Ecan just let that drop is just unbelievable.
