### Public Transport Comments

#### Please provide any comments.

keep 6 bus routes, but instead maybe combine ones with similar routes, such as 107 and 108 to cut down on empty busses running. Also make timetable changes to the bus routes that aren't so popular and get them running only in peak hours e.g 107 and 108 to have busses running before school and after school to get kids to school on time and home again. If these two bus routes are taken out, you will be disadvantaging many school children and parents that aren't able to provide transport for their children before and after school.
