Subject: 'LTP Submission'

Good afternoon

I have already made a submission and I wish to advise that I withdraw my vote of Option 3. I see after further I see Ecan will still remove the low patronage ones in any case particularly 107 and 108 routes.

Do you realise that the bus goes right past the new Somerset retirement village in Cavendish Rd. This is a great asset for both residents and visitors to the village to use.

An elderly relative was quite interested in the village but isn't going to look there now because of the pity withdrawal of service. I am astounded that your brochure suggests people to use taxis or Uber.

If the plan goes ahead and the services are removed that I expect my rates contribution to Ecan to be reduced because that would mean I'm paying for a service I don't receive.
