To whom it may concern,

I strongly object to the proposed cancelling of the 107 and 108 buses. These buses are an essential service for people in Belfast/ Northwood and casebrook. It is also a valuable service for students attending Casebrook intermediate and Papanui High. I object to paying rates for public transport when the main bus my children use is the 107 to get to school. I strongly urge you to reconsider.

Nga mihi
Rebecca Donaldson
