Status	Submitted
Submission Type	Web
Version	0.1
Whole Plan Support/Oppose	
Please select one of the following:	I generally disagree with the activity proposed for the Long-Term Plan.

Whole Plan Comments

Please provide any comments.

I feel more resources and funding should be committed to monitoring air and water quality in the Selwyn area, given you are possibly going to consent to quarrying in the Selwyn area close to residential properties.

On that note, I do not believe that a quarry should be allowed to operate close to residential neighbourhoods.

The truck movements on the smaller roads are a concern. When I waited for my bus on Jones Road near Templeton on Monday morning of last week, I counted around 15 heavy trucks pass me within a space of 10 minutes. In my view, the trucks should be using State Highway 1 if possible. Jones Road is extremely narrow, and the intersection of Jones Road and Dawsons Road is terribly dangerous.

There are a number of people who use Jones Road, Dawsons Road, and Maddisons Road for recreational purposes. Would you consider building a footpath for use to either cycle or walk, so that people could use that instead of all the road.
