Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport propsed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support:	Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

> I object to the removal off Bus 107 and 108 Services.
>
> I recently moved into a street that the 107 passes by and find the service very useful.
>
> Removing these routes means there are no public transport options within Northwood subdivision which is unacceptable considering the rates I pay. If the council is happy to charge me for transportation in my rates, then they need to provide the service.
>
> It would be refreshing for the council to think outside the square and consider other options.
>
> 1) Look at the viability of merging the two services (107 and 108).

2) Bring the website into 2018 and make it more user friendly. Perhaps if people could find information out easier about bus services they would use them.

3) Reduce departmental/administration overheads to find the funding shortfall.

Reducing services does not encourage people to use public transport.

Thank you
