I find your website very hard to use I would just like to say I think it's sucks you think you can remove all the buses in the casebook area. I have a daughter starting papanui high next year and if you get your way she will have to Walk to papanui in the rain even though we currently have the bus stop straight across the rd. she will have to cross the busy Northcote/ Graham's rd intersection. We are only zoned for papanui high and you are making it so difficult for the younger generation to get around the older generations also, considering the new elderly home going in by regent park. the city council, ecan are all a bloody shambles it's all about money and ripping off the taxpayers and rate payers get it together we need the 107 108 buses to continue. please you are crippling our city in order to make a buck or two. I know of many children heading to papanui high next year who live on the casebook side of Northcote rd this is making it very hard to get our children to school safely. Also I feel that you have failed to consult the wider public on this probably to reduce the submissions so you can cancel the buses thanks for taking time to read this I sincerely hope this bus continues for many years to come yours sincerely Mrs Van Dorp.
