Whole Plan Comments

Please provide any comments.

After reading the LTP. I cannot agree with it as the three priorities of the plan are out of line with the spending. If public transport is not a priority why is it the largest part of the budget and at that it is losing money. Why is eCan in charge of public transport? Where is the harmony between your priorities and buses? As a ratepayer I would prefer you focus on the environment, not a failing bus system.
