Dear E-can

Regarding Post Control on
page 17, who is to say
what is a post? It is thought
there will be no animals,
apart from humans, come
2050.
Climate change will kill
happ, so we don't need to
add to that.
The news tonight had the
Chinese group taking Canterbury
water. Please stop this.
In the future, when water
is more scarce, we will
say why did we do that?
