### Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

**Please review the options in the Consultation Document and indicate which option you support:** Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

### Public Transport Comments

#### Please provide any comments.

Providing proper transport is part of Ecan duty. If you cut out the six routes, how are people who do not have cars going to get out of their house to work, to school, to anywhere ? taking the bus is still the cheapest option. Not everyone can afford a taxi or uber.

Why don't you combined some of the routes to make it a longer journey.
