To Whom It May Concern.

This email is my contribution to the suggested changes in the bus routes particularly the 107 route that affects me & my family.

The removal of these route affects the ability of my elderly Mother-in-law to get easy access to the shops as well as both myself and my partners work travel.

In a supposed forward thinking city the gutting of the bus routes is a major step backward.

The lack of confidence in the bus system is not helped by this thinking.
