Long-Term Plan 2018-28

I oppose to the 535 bus being cancelled. This is a critical link to Lyttelton and the city (via the 29 bus) and the only available public transport for all residents in Rapaki and Cass Bay were disappointed when you previously removed the 29 route from Cass Bay. We only need to have the option of two morning, two afternoon and two evening buses - not one every hour - Please do not cancel it but instead reassess the number of buses that come to our community so that we still retain a transportation link to the city. Very important! thank you
