Hi there. My submission is in relation to the Westmorland bus route. It is imperative this route is kept open, possibly peak times for work and school commuting. Our community is expanding and usage would increase if the route went to the central hub where people work rather than Eastgate. This would certainly improve the congestion turning right onto Cashmere Road at these peak times. Many cars now turn left to avoid the build up and then do a u turn. Amazingly dangerous and only a matter of time before a fatality.
