### Transport and Urban Development Comments

#### Please provide any comments

We oppose your 3 options related to the removal of the 6 lowest performing bus routes, in particular the bus route "107 Styx Mill to Northlands" which connects Casebrook Intermediate to the kids of the Belfast community. There are no other options for bus routes in this area. Can you please consider keeping this route active for before and after school. Can you advise if you have consulted directly with Casebrook Intermediate on the impact of losing this service.
