As a person that does not/ cannot drive the 108 bus route is the only affordable and reliable method of travelling to and from work and getting out into the greater community that I use. Discontinuing this route would leave me cut off from most of the city and would mean that I would need to rely on expensive methods of travel, ie Taxis etc.

I would propose that the 107 and the 108 routes be recombined and the route be run further than Northlands Mall. There was a significant drop in customers once the route ceased travelling in to the city as catching two busses to and from work (or just to go into town in general) is highly inconvenient
