Please select one of the following:	I generally agree with the activity proposed for the Long-Term Plan.

Whole Plan Comments

Please provide any comments.

I disagree with the emphasis on irrigation 1.5.1. A greater focus upon a variety of farming activities, such as dryland farming is needed.

Encourage the use of whole catchment consent reviews. Such as the Ashburton Hakatere example mentioned in the ltp, then publish the result.

Allow consent planners to analyse the wider community costs of an activity when analyzing the economics. For example, the risk of gastrointestinal illness from polluted waterways, Loss of recreation activities, higher water treatment costs
