The Long-Term Plan 2018-28 outlines the framework for the types of activities we will undertake from July 2018. It also details the measures that we have put against these activities, and the corresponding financial information, policies and strategies.

## 2. Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the Consultation Document. (on page 14)

### Options

Please review the options in the Consultation Document and indicate which option you support: (please select one answer)

**Option 1** – A combination of routes, fares and (targeted) rates changes: small fare and rates increases, reduced Total Mobility subsidy and six routes discontinued. ☐

**Option 2** – As Option 1 but larger rates increase, no fare increase: larger (targeted) rates increase, no fare increase, reduced Total Mobility subsidy and six routes discontinued. ☐

**Option 3** – As Option 1 but larger fare increase, smaller (targeted) rates increase: minimal rates increase, larger fare increase, reduced Total Mobility subsidy and six routes discontinued. ☐

**Option 4** – none of the above. (Please provide comment/ideas for an alternative solution) ☐

**Comments:** My comments on route 135 if discontinued could you reroute one bus along Marine Parade like bus 44 + 60 used to run to Palms + town. Several buses go Travis/route. No bus marine parade 25mins to Brighton, 15 to Travis, 15 to B. Walking - hard with mobility difficulties or shopping, old routes 40 mins to city - new route 135 + 4' at least 1 hour 11' as don't connect with times.
