SUBMISSION ON ENVIRONMENT CANTERBURY LONG TERM PLAN

from Network Waitangi Otautahi

Network Waitangi Otautahi (NWO) - see [NWO in a Nutshell](#) - is pleased to submit on the Environment Canterbury (ECan) Long Term Plan.

We have limited our submission to the ECan Regional Leadership Portfolio as we recognise that this portfolio covers all the activity that 'enables' the five other portfolios of work that are outlined on pages 6 to 15 of the Consultation Document.

We see that ECan's Regional Leadership includes setting the overall planning objectives for those other portfolios and that you are committed to providing ways for the community to engage with you and to play an active part in shaping the future of the region (page 5).

In particular we submit an interest in four (of the six) work programmes in this Portfolio:

- Governance and Engagement
- Strategy and Direction
- Ngāi Tahu and Regional Relationships
- Long-Term Community Planning

We note that your ECan leadership role recognises that you are not alone in the delivery of the actions necessary to achieve your purpose and community outcomes (outlined on page 22).

You refer to maintaining strong relationships with the ten Canterbury Papatipu Rūnanga and Te Rūnanga o Ngāi Tahu and with territorial authorities, government agencies, key industry groups and non-government

organisations.

You specify the ECan Tuia work programme, the Regional Forum secretariat support of the Regional Forums (Mayoral Forum, Chief Executives' Forum, and Policy, Corporate, and Operations Forums) and technical working groups, working with district and city councils and other regional partners.

There is no specific reference about non-government / Third Sector organisations.

Our submission is

NWO has particular interest in the ECan outcome:

to support your fundamental work in maintaining strong relationships with the ten Canterbury Papatipu Rūnanga and Te Rūnanga o Ngāi Tahu, known as your Tuia relationship, 'working together shoulder-to-shoulder'

to ask for specific direction about how Network Waitangi Otautahi as a non-government / Third Sector organisation can engage with and contribute to the Regional Leadership Portfolio of Environment Canterbury.

We can all help shape the future of Canterbury, leaving a legacy for future generations to come (page 22).

We wish to speak to this submission.
