Kia ora, I would like to encourage you to retain the 107 and 108 bus routes in the northwest Christchurch area. I work with a large number of senior citizens, people with disabilities and people who are on very low incomes who live in Northwest Christchurch. Reliable, affordable, reasonably accessible transport is frequently a challenge for these people, many of whom are dependent on bus services in order to access essential health, education and community services. Given your finite resources I realise you may need to reconfigure certain routes, however should you need to do so I encourage you to retain at least the same number of routes, bus stops and frequency of bus journeys available in the suburbs and neighbourhoods where they currently operate.

Thank you, noho ora mai.
