Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

Please review the options in the Consultation Document and indicate which option you support: Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

Public Transport Comments

Please provide any comments.

The Belfast Community Network opposes the discontinuation of bus services to our community and wider Christchurch. As rate payers many will understand the need for increased rates and fares to cover services. The continual changes to bus services is detrimental to the well being of the people of Christchurch. ECAN must look for better options to provide public transport in our city which meets the specific needs of our people, community and city.
