I disagree with the proposal to cut bus services 107 and 108 - can these be run with a reduced timetable around working/school hours? I also feel they would be far better used if they ran to the city not to a "hub" where one has to wait for a 2nd bus to certain destinations. The hub idea is not attractive to me at all, I would far rather get in my car and drive, particularly if I am accompanying young children; if hubs were canned surely bus patronage would rise.
