**Subject:** LTP Submission

I am aware of the timing of this submission but was hospitalised last week so missed sending it then, Peter Scott will verify.

I wish to support the funding for another Relationships Cultural Advisor from Tuia for the ZC's, one support person is not enough and it is difficult to form a strong relationship. Zone Committees are a place where the Treaty Partnership is at the forefront of everything that is undertaken. I wish to support Ecan's strong relationship with Tuia.

I wish to support funding to go towards more Rural Farm Advisor's to assist with the implementation of Zone Plans. The Rural Farm Advisors are desperately needed as the go between between Ecan and the rate payers.
