### Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

**Please review the options in the Consultation Document and indicate which option you support:** Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

### Public Transport Comments

**Please provide any comments.**

I can't understand why BOTH buses in my neighborhood are being cut?

Would it not be viable to condense these routes so that the area is still serviced then reduce the number of trips during quite times of the day.

This will hugely impact my family and no doubt will impact many others in my area.

What solutions have been considered to provide future public transport to the area? Or are we just going to forgotten?

**Action officer**
