I do not want to see Route 145 discontinued - this is a very important bus route for school children in our community to get to Cashmere Highschool. I am happy for people who have to use a bus to pay less money (disabled, underage for license, elderly) etc. I do not want fare increases for anyone really. I think you should use smaller buses and target the times the buses run - e.g if you know that route 145 is used for school children then have a couple of buses only that morning and in the afternoon and reduced runs at other times
