### Public Transport Options

Public Transport is one of the programmes in the Transport and Urban Development portfolio. For the first year of the Long-Term Plan 2018-28 we are proposing changes to the Public Transport programme as outlined in the **Consultation Document**.(on page 14)

To make comment on the Public Transport proposed changes please complete the selection panel below.

To make comment on the the whole Transport and Urban Development portfolio, please use the tab on the left.

**Please review the options in the Consultation Document and indicate which option you support:** Option 4 – none of the above. (Please provide comment/ideas for an alternative solution)

### Public Transport Comments

#### Please provide any comments.

I am very concerned for my mother who is no longer able to drive at 82 due to a medical condition. She relies on the public bus no 145 to keep her out in the community and independent. If you discontinue her bus route her ability to enjoy life will change, she lives in King Street and uses it to get to Barrington Mall or to connect her to other bus routes. She also has close neighbours that are elderly and use the bus. I would hope that part of the plan caters for taking care of our elderly, keep up promoting the bus so more people enjoy this great service. Thankyou
