Thank you for the opportunity to give feedback on the LTP; I do NOT want my name made public.

- I would like to see the rivers in a better condition
- until the rivers are in a condition that the public is happy with, I do not want to see more irrigation projects approved or more irrigation consents being approved
- I do not want to see more intensive farming in my region
- I would like ecan to be more proactive in monitoring consents
- I would like to see more prosecutions for businesses breaking ecan rules
