1. Rates.

The Council MUST find a less stressful way to gather funds.

The endless increases are like the roadworks: never ending!, and causing a lot of stress to ChCh Citizens, especially those on fixed incomes.

The CCC needs to look to its own house and stop paying astronomical 'market forces' income to many, increases simply CANNOT go on, soon many parts of the city will be the new Red Zone, as no one will be able to live there because of the rates, Considering the number of premises coming on line, why are endless increases needed?? They are unsustainable.

2. Roadworks.

These need to be spread over a longer time with perhaps, sporadic breaks, the endless roadworks are becoming tiring. Also, they seem to be in the same area, while other roads get progressively pot holed.

I do not wish to attend a hearing and do not want my personal details published.
