☒ - Please tick this box if you do not wish to receive communications via email.Consent application number/s: **CRC190445**Name of applicant: **Christchurch City Council**1. ☐ I/We support the above application ☒ I/We oppose the above application☐ I/We are neutral to the application (neither support or oppose)

2. The reasons for making my submission are: (state in summary the nature of your submission, giving reasons)

Styx River existing issues noted by the Styx River working
(2018) party and others have not been addressed
therefore any consideration to use the Styx River
to channel additional stormwater will exacerbate
these issues, effect the environment and impact community in lower
reaches of the Styx River
I am horrified at the consideration of discharge from
'high risk sites' and 'coastal water' and the affect it will
have on the ecological river environment.
Is this a river or a drain?

3. I wish the consent authority to make the following decision:

(give details, including the general nature of any conditions sought. Please attach additional pages if required)

- not allow further stormwater discharge into the Styx River until ~~the~~ Styx River work party recommendations ²⁰¹⁸ have been addressed and CEC ensure the Styx River has the conveyancing capacity for this additional water
- not allow the additional request to discharge 'high risk site' and 'coastal water' into the stormwater network until the contaminant load has been reduced to ecological acceptable levels so no impact on the aquatic environment

4. ☒ I/we **do** wish to be heard in support of my/our submission*

(Note: this means you wish to speak in support of your submission at the hearing)
