Email: secretary@arawacanoclub.org.nz

Contact by email: Yes

Is a trade competitor: No

Directly affected: Yes

Consent support/hearing details

- CRC190445: oppose | NOT to be heard | will NOT consider joint hearing

Reasons comment:

We wish to oppose the granting of this consent because the release of potentially contaminated water into our rivers and coastal waters will impact on our members ability to train on the rivers. It will also impact and impair our members and members of the general public from paddling on the rivers during the periods when the rivers and coastal areas are contaminated.

Consent comment:

To restrict the CCC from discharging contaminated water into our rivers and coastal areas. If this is not possible, we would then wish for a progressive restricting of the CCC's entitlement to discharge the potentially contaminated waters over the course of the term of the consent (or shorter), so that at the end of the consent period the CCC will not be able to continue the discharge of potentially contaminated water into the rivers and coastal area.
