To Ecan

I object to the latest Ecan proposal for representation for the 2019 elections as there is not equal representation for rural and urban voters.

The vote of a person voting in Christchurch central should have the same power as the vote of a person in South Canterbury.

Each person's vote should carry the same weight as each other person no matter where they live.

It is anti-democratic and I believe breaches section 19V(2) of the Local Electoral Act.

I do not want an Orwellian society where some animals are more equal than others.

Yours sincerely
