To whom it may concern

I am deeply concerned that the democratic voting system of our country is being tampered with whereby voting will be weighted according to where a voter lives eg a rural voter in south canterbury will have more weight to their vote than an urban voter.

I have other concerns about proposals that are being considered and I trust there will be a place to voice these.

I write now as I understand there is a deadline for tomorrow and I will not have email access then.

I look forward to your response.

Yours faithfully  
G T Lynne
