**Subject:** Objection to extra seat for South Canterbury  
**Date:** Friday, 28 September 2018 1:04:50 PM

---

I strongly object to the extra seat allocated to South Canterbury. that gerrymandering appears to be contrived to benefit those who stand to prodtit from irrigation and intensification and those who benefit from externalising the cost of their pollution.

It's bad enough that ECan still include members who are appointed rather than elected, a hangover from when the National Party overthrew democracy in Canterbury.
