Subject: The number of councillors in different areas in Canterbury

The proposed number of councillor for different areas of Canterbury is so unbalanced as to attack the democratic process. This gerrymandering after we have had such a long period of non-democratic ,it feels like we need to appeal to the United Nations.

This proposal breaches Section 19v (2) of the Local Electoral Act in 4 out of 7 constituencies.

You better believe that you will be in court if you proceed.
