Subject: UNFAIR REPRESENTATION.

I object to the proposed representations for the 2019 Elections.

It's unequal and so undemocratic. We, who live in the city of Christchurch should have just as much an equal say on what is happening around our countryside...We enjoy going out to the country and USED to enjoy swimming in our rivers, which greedy farmers have so destroyed...how dare they, and how dare Ecan can allow it!

Unequal representation will result in you putting in your farmer friends so as you and they can make more money.

Watch what you do, as kama is a reality!!
