Alex Hallatt just submitted the survey 'Draft Annual Plan 2019/20 Feedback' with the responses below.

Draft 2019/20 Annual Plan Feedback

The work of Environment Canterbury is reported on under six portfolios as outlined in the draft Annual Plan document 2019/20. Our website outlines many of the areas we work in, in more detail. Please give your feedback on the activity planned in the comments section under each portfolio and tell us what you support/don't support about the planned activity.

I generally support the plan for Regional Leadership

The planning and consent process sucks, costs homeowners crazy money, is inefficient and is losing the council money. Find out where this is not the case and copy them. It's not working in Chch.

I generally support the plan for Freshwater Management

Where are the sites for lake water quality - sites are all struck through. Also, there is plenty about measurements but nothing about what will be done about water users breaking the law: how ECAN will prosecute to achieve the targets.

I generally support the plan for Biodiversity and Biosecurity

More to be done to support domestic trapping as urban areas provide large pools of pests for repopulation.

I generally support the plan for Hazards, Risk and Resilience

20.1 When are the summer months? I swim in Lyttelton Harbour Nov-April and know plenty of others that do the same, not to mention the surfers who are in the sea all year around. The sediment levels in Lyttelton Harbour are appalling, not natural and should be monitored and improved via LPC controls, stormwater management systems, etc.

I generally support the plan for Air Quality

Great to see more support for bicycles and electric vehicles (including Lime). I am a cyclist and user of Yoogo car share. I'd like to see better pedestrian priority in urban areas, especially in the centre of town where pedestrians/cyclists should have more crossing time and private cars should be discouraged. The bus is great, where we have one. When the Sumner road opens, it would make sense to have a service that linked Sumner to Lyttelton.
