Draft 2019/20 Annual Plan Feedback

The work of Environment Canterbury is reported on under six portfolios as outlined in the draft Annual Plan document 2019/20. Our website outlines many of the areas we work in, in more detail. Please give your feedback on the activity planned in the comments section under each portfolio and tell us what you support/don't support about the planned activity.

Swing Mooring Charges I strongly object to the proposed increase in charges for swing moorings. I own and maintain a swing mooring in Akaroa Harbour and while I accept ECAN may find the cost of administration to exceed the present fees charged, I believe that it is incumbent on ECAN to manage its activities within the current charges. I do not accept that the administration of a mooring facility requires such an overlay of supervision. Safety is assured through the annual inspection by ECAN registered contractors for which I pay significant charges. These inspections are triggered by me on a "bring-up" basis with the contractor who completes the inspection and provides a report which is forwarded to ECAN. There is no need to write me a letter of reminder which is the only contact I have with ECAN. Being asked to pay \$230 pa for this service is simply outrageous. I get complementary reminders from various service enterprises - WoF, REGO for example - from time to time as a courtesy. Why should I entertain a charge for this from ECAN? The current charge of \$115 pa for record keeping is in my opinion, more than enough.
