The increase in annual fees for Purau swing mooring appears to be excessive and seems to be a revenue gathering exercise as I find it very hard to believe the administration costs warrant such a hefty increase. Also the buying /selling of Purau moorings in the past was a simple process but which now appears to be overly complicated with excessive over management of this creating additional costs for no real gain/benefit to anyone except to ECAN. Over managing a system/facilty that was already functioning fine and then increasing fees to justify somebodys salary to administer this seems ludicrous. Inflation adjusted fee increases can be acceptable if justified and mooring holders are informed of this but a sudden doubling of fees appears to be a lack of addressing any inflation issues in the past and smacks of poor management and financial skills.

If you have any additional comments on the Fees and Charges Policy please provide them below.
